Whether a Notebook or R Markdown, all documents can be rendered as HTML (web), PDF or Word

Output options for different output formats are easily set here

Edit R Markdown Document Options

Output Format: Notebook

General

Figures

Advanced

☐ Include table of contents

Depth of headers for table of contents: 3

Fold R code chunks: show

☒ Syntax highlighting: default

☒ Apply theme: default

☐ Apply CSS file: Browse...

☐ Number section headings

Different options exist for one-button publication, e.g. to RStudio Connect

It is good practice to 'Restart R and Run All Chunks' every so often to ensure that your document is self-contained (does not have any external dependencies)
